[Anti-Bullying Program at Troutville Elementary](#)

The **Troutville Elementary PTA** sponsored a unique anti-bullying program last week. **MerMan Productions** presented two assemblies entitled "Learn to be Bully Free!" Through the use of role playing, magic and comedy, students in grades 2-5 were treated to an afternoon show that taught them how to recognize bullying and effectively deal with it.

During the PTA program later that evening, parents learned these same lessons and how bullying in schools has changed over the years. **Mr. James McCubbin** is "MerMan" and any school group wanting more information should go to www.bebullyfree.com.
